

Ahammed Istiak Alam Efty

efty.asia@gmail.com | 01973869275 | Dhaka, Bangladesh

PROFESSIONAL SUMMARY

A dedicated and growth-oriented Computer Science student with a strong interest in software development and problem-solving. Known for adaptability, teamwork, and clear communication. Passionate about learning new technologies and applying academic knowledge to real-world challenges while continuously improving technical and professional skills.

EDUCATION

Daffodil International University

Bachelor of Science in Software Engineering

Expected Graduation: 2028

Dhaka, Bangladesh

Comilla Victoria Govt. College

Higher Secondary Certificate (HSC)

Year : 2023

kulaura, Bangladesh

Comilla Modern High School

Secondary School Certificate (SSC)

Year : 2021

Kulaura, Bangladesh

ACADEMIC & PRACTICAL PROJECTS

NEED Blood — Blood Donation Management System | 2026

- Developed a web-based blood donation platform connecting blood donors with recipients.
- Implemented donor registration, donor management, blood-bank administration, and separate user/admin panels.
- **Technologies:** HTML, CSS, JavaScript, Node.js, Express.js, MongoDB, GitHub, Render.

Mini Compiler | 2026

- Developed a mini compiler implementing key stages of the compilation process.
- Implemented lexical analysis and tokenization, semantic analysis, symbol table management, AST integration, optimization, and target code generation.
- Integrated the compiler components with a user interface.

Delivery Management System | 2025

- Developed a C-based delivery management system using fundamental data structures.
- Implemented data management and processing using linked lists, stacks, and arrays.
- **Concepts:** C Programming, Data Structures, Searching, Sorting, and Algorithm Design.

LED Dimmer Circuit | 2025

- Designed and implemented an electronic circuit for controlling LED brightness.
- Applied practical concepts of circuit design, LED control, and basic electronics.
- **Areas:** Circuit Design, Electronics, LED Control, Hardware Implementation.

COMPETITIONS

- ❑ Mathematics Competitions
- ❑ Scholarship Competition
- ❑ Participated in DIU Science Olympiad
- ❑ Participated in Take-Off Contest at Daffodil International University
- ❑ Participated in The Algorithm Contest at Daffodil International University

LEADERSHIP & VOLUNTEER EXPERIENCE

DIU Job Utsob 2025

Member — Nov 2025

Daffodil International University

DIU Mathematical Society

General Member — Apr 2025

DIU CPC

General Member — Apr 2024

SKILLS, TECHNOLOGIES, LANGUAGES & INTERESTS

Skills

- Object-Oriented Programming (OOP)
- Data Structures & Algorithms
- Programming Fundamentals
- Web Development
- Problem Solving & Analytical Thinking
- Mathematical Programming
- Real-World Problem Solving

Technologies

- C (Currently Practicing)
- Python (Basic)
- Java (Learning)
- HTML5 (Learning)
- CSS3 (Learning)
- Git (Basic Knowledge)
- Visual Studio Code

Languages

- Bangla (Native)
- English (Professional Working Proficiency)

Interests

- Programming
- Web Development
- Robotics
- Game Development
- Mathematical & Logic Puzzle
